

## Heritage Award - Mr. C. Bryant Copley

No one can argue with nearly a century of knowledge, nor could one ever profess to obtain that level of intelligence, except our one and only Mr. C. Bryant Copley. Mr. Copley has been chosen to receive the Heritage Award for the North Summit area and his reputation is well known.

His career of teaching began in 1918 and he has tutored many in his home even after he officially retired from his 46 plus years in education. His command of the history of Coalville has been shared willingly and has enlightened numerous groups and individuals. His uncanny ability to remember precise dates coupled with his keen sense of humor has delighted groups of all ages.

His scholarship donations and awards have been given to fortunate students at North Summit High School as well as Ricks College and BYU. He <sup>has also</sup> earned the coveted Silver Beaver Award from the Boy Scouts of America. His weather station has been a delight to the school children. He has never ceased learning, nor teaching and turns 100 years young May 28<sup>th</sup> of this year. Mr. Copley we respect, salute and recognize you with the Community Heritage Award for 1998.
