

David leaves
this evening
Dear Clayton
& Jessie B. B. B.
do my America
on their way
home!

Nov. 20th 1908.

REC'D 11 DEC 1908

ANSW'D Jan-15-09.

Dear Sylvester, Winnie and Child.
Every raisin, currant, etc.
in this cake is full of love for you
and I hope you will find as much
pleasure in eating it as Emily &
myself found in preparing it for
you. We would have liked to
have sent more but Emily is just
recovering from a severe attack of stom-
ach trouble which kept her in bed
for several days, & I have so little
time to do the things I want to.
We are delighted to hear of little
Winfield's arrival & of his growth
& progress, we also like the name

which is a new one in the family. This is certainly a most wonderful year for births in our family as we estimate there will be about eighteen in Father's family from Jan'y 11th 1908 to Jan'y 11th 1909.

Our children are all well, Josephine being exceptionally so. She is a very strong child running all over in her walking chair & if left on the floor pulling herself up by chairs. She has quite a growth of red hair which people say is very pretty, altho I was never partial to this color hair.

We hope before long to see you home. Accept our warmest love & best wishes for a happy holiday time.

Lovingly,

Mary A. H. Cannon.
