Iron and Clara & Mission & Hunters Baby
Dear Sons and Daughters just a few lines
to put in with Grand Mother's letter
I expect she has told you all the news
but I thought I would like to say don't
forget to write to us we are getting
old and very little good for hard work
but every one must do their best in the
times that we are passing through I
have had a little trouble with the
Rheumatism in one leg it keeps moving up
and down in the leg but hop that it
may leave me so that I may get some
rest of nights but old people can look for
all kind of trouble but I expect we
should be thankful for the Blessings
we enjoy I have been such a good
hand to work but look to get over this
before long we have some good rains
and much better prospects for crops
this year we had no winter was very

dry and look²id like there was no
chance for crops but we feel much
better and hope that we will be
able to get some rains this summer we
will be O.K. we do hope that you will
be able to stand the hard times
we are passing through there is very
few of the people that can make the
to endure our President of the U.S.
has shown been good to the poor and
he has them all behind him our John
called on us and spent a few hours
he dont chating much but I think he
is a little better hope Mission and Hunter
will write to us we would like to see
you all but the times is to hard to
spend but we can write and talk
to each other in that way we often
think of you and hope that you are
well and may we hear from you
soon and May the Lord Bless ^{you} will
Bless is the Praise of your Father
